

# KING DAVID MAZIMPAKA

Software Engineer with solid skills in machine learning, full-stack, and mobile app development. I specialize in building modern, AI-integrated solutions that turn complex data into clear, actionable insights. With a passion for using technology to drive smarter decisions, I focus on creating tools that are not just functional, but genuinely impactful.

## SKILLS

- Leadership
- Design Thinking
- Python
- Fullstack Development
- Problem-Solving
- Computer Literacy
- LLMs
- Generative AI
- Machine Learning

## EDUCATION

### SECONDARY SCHOOL

World Mission High School

2017 - 2019

### BACHELOR OF TECHNOLOGY

African Leadership University

2022 - 2025

## LANGUAGE

English - C1

French - B2

Swahili - B2

## EXPERIENCE

### WEB DEVELOPER

Chuchu Softies

Jan 2024 - October 2024

- Designed, developed, and maintained user-friendly websites and web applications, ensuring responsive design, functionality, and seamless user experience.
- Implemented a content delivery network that improved website loading times.

### DATA ANALYST INTERN

IntelHp

March 2024- Aug 2024

- Implemented and analyzed advanced evaluation metrics, including precision, recall, F1-score, and confusion matrix, to enhance model performance insights.
- Implemented advanced analytics techniques such as linear and logistic regression to identify correlations and predict outcomes

### BACK-END DEVELOPER INTERN

Gao Tek Inc

Sep 2023- Dec 2023

- Utilised version control systems, such as Git, for effective source code management and team collaboration.
- Monitored and optimised server performance, ensuring high availability and minimal downtime for critical applications.

## HOBBIES & INTERESTS

- Volunteering in Youth and Children Activities.
- Divinity Studies.
- Fitness and sports.
- Healthtech and Entrepreneurship
- IoT and Data-Driven Innovations

## CERTIFICATIONS

- Basic Drone Controlling
- Python robot controlling
- ALX Virtual Assistant
- ALX Founder's Academy
